

## Discover the ePad-i.d.

### Future-Proof Your Investment

ePad i.d. comes bundled with IntegriSign® Desktop software, which offers plug-ins for capturing esignatures in Acrobat, Microsoft Word, Excel, and Outlook documents. It is also compatible with IntegriSign® Pro software which provides added functionality to your esigning experience. No matter how your project evolves, ePad i.d. will serve your business needs today and tomorrow.

### IntegriSign Express

For on-demand esignatures, Interlink offers IntegriSign® Express, an easy-to-use SaaS-based solution, available as a stand-alone product or as a fully integrated application within NetSuite.

ePad-i.d. is a portable electronic signature capture device with the added capabilities of capturing fingerprints. Designed for multi-biometric and high-security workflow applications, ePad-i.d. is the esignature choice for the National Notary Association's ENJOA (Electronics Notary Journal of Official Acts). The IntegriSign® Desktop esignature software, which comes bundled with ePad-i.d., offers plug-ins for Microsoft Word, Excel, Outlook as well as Adobe Acrobat — you can start esigning out of the box without any programming experience. Powerful SDKs can be used to implement an esignature solution in any environment.

### Key Features:

- Captures fingerprints
- Assigns a unique serial ID number to the host computer
- Ergonomic design
- Produces legally-binding esignatures
- USB powered, portable device
- Offers plug-ins for Microsoft Word, Excel, Outlook and Adobe PDF
- Bundled with IntegriSign Desktop esignature software
