GemView 7

TD-LBK070VA

The Topaz GemView® 7 Tablet Display provides all the display advantages of a high-performance tablet with none of the IT drawbacks.

With its small footprint, 7.0" high-resolution display and electronic pen, the GemView 7 allows for signing documents, playing videos, running ads, and more.

GemView Tablet Displays come bundled with Topaz software solutions (**www.topazsystems.com/gemview-software.html**): apps for PDF creation and signing (by the PC user, by a client in a one-on-one environment, and by multiple clients in a one-to-many environment), SDKs for development, and more.

BENEFITS

✓ Sleek, thin tablet design for **optimal space utilization**

✓ 7.0" TFT LCD display for **ease-of-use**

✓ High-quality **biometric and forensic** capture

✓ Kensington mounting slots and standard VESA mounts for **security** and **convenience**

✓ Topaz software suite bundled at **no additional cost** for complete signing and signature solutions
